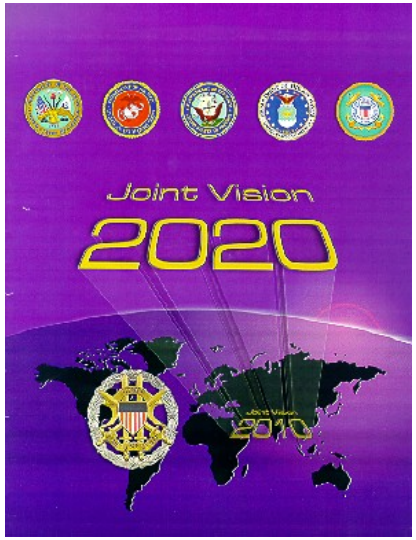
Joint Vision 2020



Why a New Document

- **Sustain and build on momentum of Joint Vision process**
  - **Continue evolution of the joint force**

- **Lessons learned from recent operations and experimentation**
  - **Importance of information operations**
  - **Multinational and interagency involvement**
  - **Full range of operations**

CJCS Guidance

- **Refocus the time frame**
- **Extend the Vision to address:**
  - **The full spectrum of military operations**
  - **Alliance and coalition operations**
  - **Interagency and international organization operations**
  - **Emerging challenges and opportunities**
- **Incorporate lessons learned from recent operations and experimentation**

CJCS Guidance

- **Retain the four operational concepts and key enablers as described in JV 2010**
- **Retain the fundamental definitions of concepts in JV 2010**
- **Retain the basic structure of JV 2010**

Content

I. Introduction

II. Strategic Context

III. Full Spectrum Dominance

- Info Superiority
- Innovation

IV. Conduct of Jt Ops

- People
- Interoperability
  -- Multinational Ops
  -- Interagency Ops
- Operational Concepts
  -- Dominant Maneuver
  -- Precision Engagement
  -- Focused Logistics
  -- Full Dimensional Protection
- Information Ops
- Joint C2

V. Implementation

VI. Conclusion

Continuities

- ***JV 2010* is the foundation**
- **Operational Concepts Remain Key**
  - **Dominant Maneuver, Precision Engagement, Focused Logistics, and Full Dimensional Protection**
- **Focused on Operational Forces**
- **“Decisive in War”**
  - **Expands to address full range of operations -- but warfighting remains primary focus**

What's changed?

- **Strategic Context**
  - **Narrowed to three critical aspects: global interests, diffused technology, adaptive enemies**
- **Full Spectrum Dominance**
  - **Moved to front of document**
  - **"Victory in war … succeed across the full range"**
- **Information Superiority**
  - **Moves emphasis beyond technology**
  - **Introduces idea of "decision superiority"**

What's changed?

- **Innovation**
  - **Goes beyond "technological innovation" of JV 2010**
  - **Points toward innovation in all aspects of force**
- **Operational Concepts**
  - **Expands discussion to address full range of operations**
- **Implementation**
  - **Role of JFCOM, other CINCs, and services, key changes since 1996**

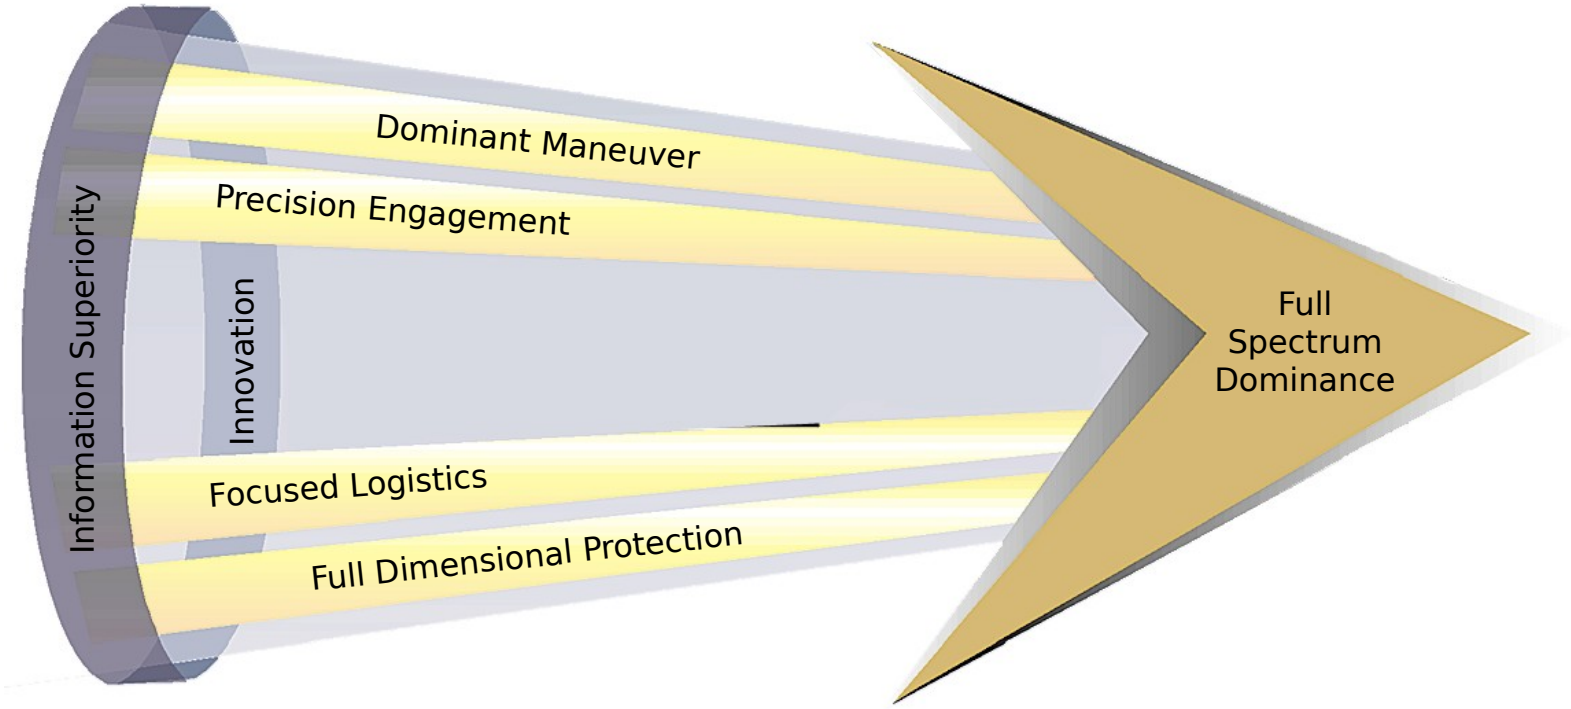
What's new?

- **Joint Command and Control**
  - **Impact of information superiority:**
    - **Increased choices for commander**
    - **Increased information at all levels**
  - **Participation of multinational and interagency**
  - **New tools and procedures for commanders**

What's new?

- **Interoperability**
  - **Joint, Multinational, Interagency**
  - **More than technology -- organizations, processes, and expertise**
- **Information Operations**
  - **Highlights IO as key capability for force**
  - **Identifies importance across full range of operations**

Joint Vision 2020



Dedicated individuals and innovative organizations transforming the joint force for the 21st Century to achieve **full spectrum dominance** :

- persuasive in peace
- decisive in war
- preeminent in any form of conflict
